

# Avant Gardens

## POTENTIAL ARCHITECTS LIST (June 9, 2009)

Avant-Gardens Development LLC has NO financial interest in any of the architects listed below. These names are simply being provided as a resource. These architects have simply submitted proposals to Avant-Gardens Development LLC regarding their capabilities as they relate to modern and eco-friendly home design. These architects are familiar with the eco-friendly nature of the development and have expressed an interest in designing homes for the community.

In no way is this list intended to convey an endorsement, guarantee, or warranty of the individuals or their organizations. Lot owners at Avant Gardens are encouraged to meet directly with these architects, or other architects of the owner's choosing, to formulate their own opinion about the professional integrity of the individuals and their organizations.

Lot owners at Avant Gardens are reminded that ALL contractors, including architects, performing work at Avant Gardens will be subject to the Association's Declarations and Covenants, insurance provisions, and construction rules. And all home designs MUST be submitted to the Avant Gardens Homeowners Association Architectural Control Committee for approval prior to construction.
